

To Whom It May Concern:

August 2017

**I write this letter in recommendation of Mr Charl van Zyl and RANCOR.**

We had the pleasure of working with Mr Charl van Zyl on the building addition of our shelter. I can honestly say that from our first meeting with Mr Charl van Zyl we were thoroughly impressed with his extensive knowledge and the various alternatives he offered helping us to select the best options of building material suitable to meet our budget.

A home addition is one of the most overwhelming tasks anyone can ever undertake! Especially if it is for a Non-Profit organisation with very low funding resources! We needed the assistance of people who truly are proficient, flexible and prepared to listen to our needs. From brainstorming design elements to completing the entire make-over, RANCOR were consummate professionals. Throughout the process, we were put at ease with frequent consultations and daily communication.

I can recommend RANCOR highly and without reservation. Throughout the course of the addition to our building, Mr Charl van Zyl was an absolute professional. He was accurate in his initial assessment of the scale, cost and completion date of our project. He chose and managed the sub-contractors well. Our job was done with care and precision. We were impressed by the quality of workmanship, competence and integrity. In addition, they are extremely clean and tidy in the workplace and never left the worksite in disarray. They are certainly outstanding professionals whose excellent work merits recognition.

RANCOR builders made this building experience a pleasurable one. Thank you for a job well done!

Sincerely,

**Lee Rossouw**
