To whom it may concern

Dear Charl,

Kaap Agri would like to thank Rancor for the exceptional service you provided at our Simondium Store.

Throughout the project we only experienced professionalism by your competent Team and can attest that we have started a relationship which we hope will to see grow to become a long lasting one.

The project was delivered on time and whenever there were concerns or small adjustments to be made, they happened seamlessly, through good communication.

We wish you all the best for the future.

Warm regards,
