We built our home in Knysna starting in November 2017, with the Rancor Team. The whole experience was very easy and they were most accommodating. Nothing was too much trouble for them, any changes we made along the way were dealt with efficiently.

The reason we chose to build with them is that the process of building is a lot cleaner, tidier and faster. We are very happy with our build and are loving being in our new home.

We would highly recommend them.

THANK YOU RANCOR.

Gail and Claus Schmitz
